

BPA Energy Efficiency Weekly Announcements

July 11, 2024

New

Energy Conservation Direct Funding Demonstration funding opportunity

BPA is pleased to announce a second round of financial support for the [Energy Conservation Direct Funding Demonstration](#) program in Fiscal Year (FY) 2024. The objective is to acquire additional cost-effective energy conservation that is occurring within the region and dedicated to projects that will be completed and ready to invoice before the end of FY 2024. If you have questions about the application process, please contact your energy efficiency representative.

BPA Nonresidential Lighting Impact Evaluation findings

BPA completed the [final report](#) of the impact evaluation of the nonresidential lighting portfolio. It provides comparisons of evaluation savings and reported savings and recommendations for improving the program, maximizing energy savings and improving cost-effectiveness. BPA will host a webinar to present the results later this summer. Please visit the [evaluation webpage](#) to learn more about BPA's evaluation efforts.
