Efficiency Exchange 2025: Save the Date!

The annual Efficiency Exchange (EFX) is the Northwest's premier energy efficiency networking and learning conference presented by the Bonneville Power Administration, the Northwest Energy Efficiency Alliance, and the Northwest Power and Conservation Council. EFX25 will be held at the [Hyatt Regency](#) in Portland, Oregon, May 20-21, 2025. For more information, [visit neea.org](#) or subscribe to the [Efficiency Exchange newsletter](#) for updates on registration, sponsorships and exhibiting at the conference.

Efficiency Exchange 2025: Call for Session Topics Now Open

Do you have a topic, speaker, or panel that inspires the region to collaborate and innovate on emerging technologies and best practices?

The efficiency exchange agenda is determined by the brilliant ideas, expertise of regional, and national leaders in energy efficiency. Ideas for session proposals from program successes to emerging technologies, equity in energy efficiency, and more are being accepted until Friday, Oct. 25. [Submit Your Idea Today!](#)

Comfort Ready Home: Electricity Detective Video

BPA's Comfort Ready Home program is pleased to announce a new homeowner facing video, [The Electricity Detective](#). This informational video helps homeowners track down and understand common household culprits using more energy than they should. You can share this video on your website and social media platforms, or link to the program's [YouTube channel](#). Reach out to your EER or Comfort Ready Home Field Specialist to learn more, and see the current library of available videos [here](#).
