

BPA Webinar: Non-Industrial Custom Evaluation

When: Nov. 20, 2025

Time: 10-11 a.m. (PST)

Meeting Information:

Join BPA's program evaluation webinar on Nov. 20 from 10-11 a.m. (PST) to hear about the results of a recently completed impact evaluation of the commercial and agricultural custom portfolio and Energy Smart Reserve Power (ESRP). This webinar is intended for utilities and other stakeholders interested in learning about BPA's custom and ESRP programs and evaluation results. The study that will be discussed includes site-specific data collection for 32 sites from fiscal year 2023, with results on first-year evaluated savings and cost-effectiveness compared to claimed savings.
