PII REMOVED

Dear Mr. Moin,

This communication concerns your request for Bonneville Power Administration (BPA) records made under the Freedom of Information Act, 5 U.S.C. § 552 (FOIA). BPA received your records request on February 28, 2025. BPA formally acknowledged your request via letter to you dated March 26, 2025. This communication is the agency's final response to your FOIA request.

Request

You seek a, "... [list of] all full-time employees' first, middle (if available) and last names, including their job title/position, their office location (city and state only), date of hire and email address."

Response

The agency searched for and gathered the data you seek from knowledgeable personnel in BPA's Human Resources Service Center (HSRC). Thirty-four (34) pages of responsive data were generated. The delivered data from HSRC included two employees who declined offers. That data is non-responsive to your request and is not included in this public release. The delivered data from HSRC also included assigned employee identification numbers. That data is non-responsive to your request and is similarly not included in this public release. Finally, HSRC did not generate data on those employees permanently separated before January 20, 2025. The assembled responsive data accompanies this communication with no redactions applied.

Fees

No fees are associated with processing your FOIA request.

Certification

Pursuant to 10 C.F.R. § 1004.7(b)(2), I am the individual responsible for the data search and response described above. Your records request is now closed with the responsive agency data available now provided.

Appeal

The FOIA response certified above is final. Pursuant to 10 C.F.R. § 1004.8, you may appeal the adequacy of the records search, and the completeness of this final release, within 90 calendar days from the date of this communication. Appeals should be addressed to:

Director, Office of Hearings and Appeals
HG-1, L'Enfant Plaza
U.S. Department of Energy
1000 Independence Avenue, S.W.
Washington, D.C. 20585-1615

The written appeal, including the envelope, must clearly indicate that a FOIA appeal is being made. You may also submit your appeal by e-mail to OHA.filings@hq.doe.gov, including the phrase "Freedom of Information Appeal" in the subject line. (The Office of Hearings and Appeals prefers to receive appeals by email.) The appeal must contain all the elements required by 10 C.F.R. § 1004.8, including a copy of the determination letter. Thereafter, judicial review will be available to you in the Federal District Court either (1) in the district where you reside, (2) where you have your principal place of business, (3) where DOE's records are situated, or (4) in the District of Columbia.

Additionally, you may contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services they offer. The contact information for OGIS is as follows:
